

David Williams

Full Stack Web Developer

My passion is transforming ideas into realities. I believe that no concept is too complex and no system is too challenging. The best experiences are when aesthetic meets functionality and that core principle drives me to excellence.

WORK EXPERIENCE

Full Stack Web Developer

General Assembly

08/2018 – 12/2018

Atlanta, GA

Achievements/Tasks

- Worked individually and/or in group settings to complete projects designed by industry experts to focus on the programming languages, libraries, and frameworks within a 12 to 24-hour timeframe
- Provided leadership, encouragement, and support to classmates including but not limited to assisting with organization, time management, professional development and emotional support as needed
- Acquired the wide range of skills needed to succeed as a Web Developer in a 12-week full-time immersive and accelerated style course
- Quickly grasped the fundamentals of front-end and back-end development while learning to leverage tools such as Git/GitHub, HTML, CSS, JavaScript, Node, APIs and more through hands-on training with real world scenarios

Freelance Graphic Designer

Dunwoody Convention and Visitors Bureau

05/2018 – 06/2018

Dunwoody, GA

Achievements/Tasks

- Approached by the Dunwoody CVB for a logo design project in association with their 7th Annual Dunwoody Restaurant Week
- Consulted with CVBD team to identify and establish needs for an animated logo
- Fulfilled client's desire to animate their pre-existing static logo in a 4-week deadline
- Provided several rounds of editing to attain client satisfaction; adjusted color settings and file size
- Packaged and delivered the logo to client for easy use in future video marketing
